DEAR CLIENT

OBJECT: SH-0 STAINLESS STEEL HOUSING PRICE-LIST VARIATION

With this letter Everblue would like to inform all its clients that starting from the 17 of May 2021 price-list for SH-0 stainless steel housing will have a little increase in price (about 5% on average compared to the previous year).

The price-lists has been changed due to an increase in production costs, in particular of stainless steel AISI 316 L, which have not allowed us to maintain the same prices.

The SH-0 filter housings, housing code 7 cartridges, are ideal for the food, industrial, chemical and pharmaceutical sectors.

We would like to invite you to check the new price-list on our website www.everblue.it

We also would like to remind you that Everblue, despite the period, has so far absorbed all price's increase due above all to an increase in transport and raw material costs.

We are sure that you will understand the variation and we take this opportunity to thank you once again for the trust you renew in us every day.

For any kind of clarification and/or additional information you can contact your area sales manager or reach us by phone + 39 0525 -1920100 or e- mail info@everblue.it.
